# 5 WAYS TO WELL-BEING

Mental Health Ireland has shared five simple actions we can all take to protect our mental health and maintain positive well-being during uncertain and challenging times.

## CONNECT

**Make time each day to connect. Smile, you might get a smile back.**

**CONNECT WITH THE PEOPLE AROUND YOU.**

With family, friends, colleagues and neighbours. At home, work, school or in your local community. By staying connected and nurturing these relationships we feel happier and more secure, giving a better sense of purpose.

## BE ACTIVE

**Bring activity into the everyday = take the stairs, get off one stop early or go for a ten minute walk.**

**GO FOR A WALK OR A RUN.**

Step outside. Cycle. Play a game. Garden. Dance. Discover a physical activity you enjoy and suits your lifestyle and level of mobility and fitness.

Scientists confirm physical activity can help maintain wellbeing and good mental health.

## TAKE NOTICE

**Be aware of the world around you and what you are feeling.**

**BE CURIOUS.**

Catch sight of the beautiful. Notice the changing seasons. Savour the moment whether you are walking to work, eating lunch or talking to friends. Notice how you are feeling and thinking.

## KEEP LEARNING

**Try something new like yoga, Sudoku, meditation, cooking or learning a new language.**

**TRY SOMETHING NEW.**

Rediscover an old interest. Sign up for that course. Take on a new responsibility. Setting yourself a new challenge and learning new skills will make you more confident as well as being great fun.

## GIVE

**Giving to others is good for you.**

**DO SOMETHING TO NICE FOR SOMEONE ELSE.**

Thank someone. Volunteer your time or join a community group. Seeing yourself and your happiness linked to the wider community can be incredibly rewarding and create connectedness with the people around you.
